FIRST!

Your board of directors have certainly been busy. A preliminary drawing has been made as well as a preliminary take off list of materials. Make a point to be at this month's meeting to hear more details.

Did you hear who won last month's door prize? Allan Ross was the proud winner of the shop vac. Rumor has it that the inside of Ginger's car is cleaner than ever!

This month we will be drawing for a 6' aluminum ladder.

Let's welcome this month's new member
Alabama Teachers Credit Union

No report from the women's council this month....Anita was out of town on business

yeah right !
