HEY! WHAT'S UP WITH THE NEWSLETTER

Anyone who picks up a newspaper turns on a TV or radio realizes that our economy has been in a slide for several months. We all understand that the economy tends to work in cycles and we happen to be in the part of the cycle that is less desirable. With this said, the board of directors is acting as good stewards and taking proper steps to help this association to operate efficiently and stay in good standings. One of the ways that we feel money could be saved is by sharing information with our membership using the old format of newsletter. I think that we would all agree (I know I would) that the newer, colored newsletter was easy on the eyes and offered many new options. Unfortunately, the new format had additional costs.

Reminder _ we are still looking at E-mail newsletter options so if this is something that interests you then please let us know.

SPECIAL HBAA LEGISLATIVE ALERT

The Alabama House of Representatives passed the Home Buyers Initiative Act. On a vote of 101 to 0 the measure has cleared its last legislative hurdle and now heads to the Governor for signature.

NEW MEMBERS THIS MONTH: EUBANKS ELECTRIC L.L.C and JONES CONSTRUCTION.

Let's be sure and give these guys a warm welcome at our next general membership meeting.

REMINDER: Please remember that each membership includes “ONE” free meal each month (for the member) at our general membership meetings. Any additional guest is certainly welcome to attend. Just make the restaurant aware that they are a guest and will be paying for their meal. Thank You
