We hope everyone had a joyous holiday season and 2012 proves to be a wonderful and prosperous year for all of us!! Let's mark our calendars and make plans to attend the GGHBA meetings every 2nd Tuesday night at The Fish Market. We would like to make these meetings a time for all of our builders and associates to meet and exchange ideas and a good educational opportunity as well. Please help us by making suggestions as to who you would like to have as speaker and any other ideas you have for our meetings. We look forward to hearing from you.

UPDATE:

We had a great crowd for our Christmas party at The Grand Gallery in The Gadsden Museum of Art. The tables were beautifully decorated and thanks to Kenny and Tina Goss the food was wonderful! If you haven't heard Rick & Tad you should have been there, it was great. Thank you Sandra for all your hard work getting everything lined up and for the extra time you spent making sure all the decorating was done in time for the party.

Our 2011 State Home Builders President Steve Steele and his wife Mariam attended our Christmas party and I have been

told they went back to Montgomery telling everyone what a great time they had. We were very honored to have Steve install our 2012 GGHBA officers.

Joy Ballenger with the Women's Center was extremely appreciative for all the gifts and toiletries which were donated and wanted to thank everyone for their generosity.
